Approved For Release 2003/09/03 : CIA-RDP82-00457R015900360002-9 25X1 SECRET 25X1 The new location in Frankfurt/Oder of the clothing depot has not been clearly determined. Comment. It is reported for the first time that the installation will be occupied by VP. The information is given little credence. So far, only advance parties of the 11th Gds AT Arty Brig of the Fourth Gds Mccz Army 25X1 2a have arrived there. 40 25X1 Comment. In June 1952, outgoing shipments exceeded incoming shipments, as 122 cars were dispatched and 95 arrived. It is assumed that either the list of 25X1 incoming shipments is incomplete or outgoing shipments increased due to the transfer of Depot I to Frankfurt/Oder. Comment. Item 16 is a Soviet designation for articles of clothing and equipment. 25X1.
